SUBJECT INDEX, VOLUME 37

Adrenal
  effect of diet on weight of, 7
  stress and content of cholesterol, 34
  and lymphocytopenia, 47
  medulla in water diuresis, 136
  and water diuresis, 147
  and estrous behavior, 237
  and melanin formation, 252
  relation to spleen, 329
  and diabetes, 341
  and electrolyte balance, 437
  hormones and diet, 450
Alimentary glycosuria, 488
Alloxan
  diabetes in dogs, 191
  effects in birds, 201
  and glucose tolerance, 313
Androgens
  effects on male accessories, 89
  effects on seminal vesicles, 266
  assay of, 275
  and sex characters, 286
  and lactation, 380
Antidiuretic hormone
  effect of pituitary stalk-section, 29
Ascorbic acid
  in blood and tissues after hemorrhage, 96
Assay
  of urinary hormones, 177
  of androgens, 275
Association Notices, 53, 387, 490

Blood
  effects of estrogen and thyroxin on, 23
  cholesterol level in stress, 34
  proteins influenced by diet, 157
  proteins after thiourea, 482

Castration
  and biochemical effects of hormones, 301
Cholesterol
  effect of stress on blood level, 34
  in blood and tissues following hemorrhage, 96

Diet
  and estrogenic response, 1
  and adrenal weights, 7
  and melanin formation, 252
  and adrenal hormones, 450

Endometrium
  effects of estrogens and progesterone on, 15
Estrogens
  relation of folic acid to response to, 1
  relation to progesterone response, 15
  relation to thyroxin and blood chemistry, 23
  inactivation by liver, 44
  and disease-susceptibility, 245
  and sex characters, 286
  activity in birds, 369
Estrous behavior
  induction in adrenalectomized rats, 237
  induction in hamster, 357
Exophthalmos
  produced by pituitary extract, 389

Folic acid
  and estrogenic response, 1

Gonadotropin
  effectiveness in ewes, 165
Gonads
  effects of steroids on, 77

Hyaluronidase
  effects on follicular cells, 171
Hypophysis
  relation to antidiuretic hormone, 29
  cell-types in pregnancy and lactation, 83
  hormones in urine, 177
  seasonal variation of extracts of, 297
  relation to spleen, 329
  and exophthalmos, 389

Insulin
and survival times of eviscerated rats, 377
Iodine
estimation of, 220

Ketosteroids
effects on gonads, 77
estimation of, 208
metabolism of, 217, 262, 322
Kidney
and tissue aldehydes, 69

Lactation
pituitary cell-types in, 83
Liver
extracts inactivating estrogens, 44
in metabolism of progesterone, 111

Mammary gland
effect of androgens on activity of, 380

New books
Fundamentals of Immunology, 50
Specificity of Serological Reactions, 50
Immuno-catalysis, 50
Annual Review of Biochemistry, 300
Annual Review of Physiology, 385

Ovary
effect of hyaluronidase on follicular cells, 171
effect of thyroid on, 218
succinic dehydrogenase activity of, 431
Ovulation
interruption by non-specific substances, 407
frequency and follicular atresia, 415

Pancreas
and diabetes in dogs, 191
and diabetes in rats, 341
Para aminobenzoic acid
effect on thyroid function, 223
Paraxanthine
absence of effect on metabolic rate, 484
Pregnancy
pituitary cell-types in, 83
optimal time for mating, 307
Progesterone
relation to estrogens, 15
metabolism in liver, 111

Spleen
endocrine function of, 329
Stilbestrol
relation of effects to diet, 1
effects on endometrium, 15
Succinic dehydrogenase
of ovary, 431

Thiouracil
induction of thyroidal mitosis, 133
and thyroid function, 223
and thyrotropin, 235
effects on thyroid of chicks, 382
and similar substances, 456
derivatives as goitrogens, 486
Thiourea
and blood proteins, 482
Thyroid
mitosis induced by thiouracil, 133
and ovarian development, 218
duration of action of hormone, 280
goitrogens and respiration of, 362
and goitrogens, 456
paraxanthine effect, 484
Thyroxin
effects on blood chemistry, 23
vicarious metabolic response, 117

Virilism
and urinary androgen excretion, 262
